KHIMA Annual Meeting
Attendee Guide

DEAR COLLEAGUES:

Greetings! Welcome to the 2022 Kentucky Health Information Management Association (KHIMA) Annual Meeting.

This year, our theme is **Share the Vision!** This theme reflects how Health Information professionals have moved through a pandemic for two years and still share the same vision of supporting the Health Information profession. HI professionals have the opportunity to influence and shape the ways in which health information is used to deliver quality patient care. We have seen this as we continue to push through to "new normal."

We are so glad that you have decided to join us as we come together to learn from experts and one another, to embrace the opportunities we have in the ever evolving healthcare industry, and to promote the HI profession and KHIMA.

We are ecstatic that each of you are here to share the vision with us as we explore the future of Health Information for the first time in person in TWO YEARS!

Sincerely,

Brittani Moberly, MBA, RHIA

Jean Allen Ellington, RHIA
