Tuesday June 7th

Coding/CDI Track: The Ins and Outs of Medicare Wellness Visits

Kaitlyn Brack, BSHIM, CPC, CEMC, CFPC, AAPC Approved

In this presentation, attendees will learn the difference between a preventive medicine visit vs Medicare Wellness Visit, documentation requirements, medical coding concepts, and examples to apply their knowledge.

Coding/CDI Track: Let's Take a journey – E/M Guidelines '95, '97, & '21

Healthcare is ever evolving; the medical coding realm is no different! With updates and guideline changes annually and sometimes quarterly, we have quite a bit to keep up with. Today we are going to dissect Evaluation and Management '95, '97, and '21 guidelines. This will include history, exam, MDM, time, and some provider education tips sprinkled in. Through our interactive discussion, we will close the gap on common questions, and talk through live scenarios.

Cancer Registry

Information regarding Cancer Registry & the duties a Cancer Registrar performs.

Additional Session

Healthcare Fraud Trends 2022

Christian Dunkle

Updated overview of fraud trends being investigated by the OIG.
